The Meadows Swim Club

Covid19 Guidelines For 2020

For our Member’s health and safety, the Meadows Swim Club is following the CDC, IDPH and DuPage County Health Department Covid19 guidelines. If after being at the club you are diagnosed with Covid19, please notify the club immediately.

Every membership will be emailed the Covid19 guidelines, a Covid19 waiver form, insurance waiver form and the 2020 Rules and guidelines. Copies of the Covid19 guidelines and the 2020 Rules and Regulations will also be available at the front desk and the website at www.meadowsswimclub.com

LIMITING CAPACITY: To help eliminate the need for a reservation procedure and to address capacity limit:

1. Only members will be allowed at this time (Guest passes that were set to expire on 6/30/20 will be honored through June, 2021);
2. No parties are allowed at this time.
3. No group social events are allowed. (One exception: a tentative date for Rib Fest has been set for August 29.)

These limitations may change if IDPH guidelines change and allow for larger gatherings.

FIRST TIME ENTRY:

- A COVID19 waiver must be signed for each membership prior to the first entry.
- An Insurance waiver must be signed for each family membership or individual/couple/nanny membership prior to the first entry.

No exceptions. Parents (only) must sign for their children. Please print the forms and fill out prior to arrival to expedite entry.

ENTRY PROCEDURES:

- Temperature checks will be done on all members entering the club prior to check in. Anyone with a temperature of 100.4 or above will be denied entry.
- Parents cannot drop off their children and are required to be present while their child is having the temperature check and to verify both waivers have been signed for their family.
- Masks must be worn by all members (except under 2 years old) when checking in and entering through the locker rooms. Masks may be removed once outside the locker room as long as social distancing can be achieved. Masks are not required to be worn when leaving the club. Masks should not be worn in the pool.
• Maintain social distancing of 6 feet when checking in.
• Members will be asked the following questions:

1) Have you traveled outside the US in the last 14 days?
2) Have you been in close contact with anyone who has traveled outside the US in the past 14 days?
3) Have you had Covid19 or been in contact with anyone that has tested positive for Covid19 in the past 14 days?
4) Have you traveled domestically within the past 14 days by air, train or bus or been in contact with anyone that has?
5) Do you have a dry cough, shortness of breath, fever, loss of taste or smell, nausea or diarrhea?

If the answer is yes to any of these questions, the member will not be permitted to use the pool for the safety of the rest of our members and staff.

POOL DECK AREA

The staff will sanitize and disinfect every morning prior to opening and/or after closing. It will also be done periodically during the day.

Deck chairs will be placed 6 feet apart on the upper deck and cannot be moved, to maintain social distancing. The chairs are for adults only and limited to two chairs/family due to the limited space on the upper deck area. Members may choose to sit in the courtyard or the hilltop area in family units.

Members will be responsible for disinfecting their chairs before and after use with cleaning supplies which will be provided outside the office.

Exiting the grounds will be done through the gate by on the northwest corner of the club house (by the men’s locker room). No re-entry will be permitted through this gate and the exit will be monitored.

OUTSIDE THE POOL AREA

Members may bring their own chairs but will be required to place them in the courtyard area or hilltop, not on the upper deck of the pool.

Six (6) foot intervals will be used in the courtyard for tables. It is up to the member to sanitize the table before and after use. If more than one table is required for your group then the tables are to be placed no closer than 30 feet from any other group.

Members will be required to bring their own cooking utensils when using the grills. None will be provided by the pool.
Due to IDPH guidelines the water fountain will be turned off. It has not been determined when the snack bar will open. Plan accordingly for snacks and water or drinks. Ice will be available for purchase.

**IN THE POOL**

You may bring flotation devices but they should be disinfected prior to use in the water. Kick boards will be available and members will be responsible to disinfect them before use. The manager or guards may limit the use of flotation devices depending on pool capacity.

The pool basketball hoop will not be available for use this year.

Lap swimming will be limited to the first hour each day the pool is open and must be reserved with the manager or lifeguard to prepare the lane.

There will be 6 foot markings by the diving boards. There is only 1 person allowed at a time on the board and cannot wait on the ladder.

**GENERAL**

Staff will have their temperatures taken upon arrival for each shift.

The managers and guards should focus on the water safety of our members rather than having to enforce social distancing and Covid-19 guidance. We ask all members to maintain and enforce social distancing within the pool and on the grounds.

Please be considerate of the staff members and their ability to effectively do their jobs.

If there is any time to follow the rules, this is the year!

Please refer to the 2020 Rules and Guidelines for our general operating rules of the club.
